

Guitar Licks and Tips.

Country Lick No 1.

$\text{♩} = 140$
GMaj or G7

T
A
B

This Lick can be used over a G Major or G7 chord.

The lick itself is a mixture of the G Blues scale and the G Country scale (aka, Major Blues scale).

G Blues Scale = G B \flat C D \flat D F
1 b3 4 b5 5 b7

G Country Scale = G A B \flat B D E
1 2 b3 3 5 6

The combination of both of these scales can be thought of as the Mixolydian mode with an added b3rd (minor 3rd) interval or the Dorian mode with an added 3rd (Major 3rd).
